Dr Sir

I have enclosed you my certificate and would be much obliged to you if you will fill it up and send it me again as soon as you conveniently can. Let it be set ~~down~~ ^{up} in the first ~~lot~~ ^{lot}

of ~~Thurlow~~ I am already at work on it; not doubting but I can be secure enough as your promise is should have that lot if I liked it, I have taken possession of it on that foundation and is began to clear altho I believe the Land is none of the best it being mostly plains in front and I have not taken time to Examine it Thoroughly yet; I'll have a better opportunity of Looking at the Land on it, Now when I am at work there, and ^{con}suppose if it's not Good Enough for the Common purpose of husbandry, I will be able to have it Changed and get another Lot in the place of it if not I will be content to keep it

I am Dear Sir Your Very humble

Servant,

W^m Bell

Wth please Direct to the care of
